**How to Calculate Your Grade Point Average (GPA)**

1. Multiply grade by GPA hrs = Points
2. Divide total Quality points by total GPA cr. hours = GPA

Sem Index = Grade point average for one semester.

Grad Index = Grade point average of all semesters.

Semester Honors = **3.5** or above with at least 6 credit hours in your **semester grade point average** and at least a 2.0 total grade point average.

Dean's List = **3.5** or above with at least 12 credit hours in your **total grade point average** (GPA) and 3.0 semester GPA with at least 6 credit hours in your semester GPA.

Probation = Below 1.5 for semester (for first year students.)

Drop = Below 1.4 total GPA at end of second semester.

(Student must be on probation before he/she can be dropped from the University.)

Graduation with distinction = student must have completed 65 credit hours with regular grade at Purdue and be in top 10% of CFS graduates. University regulations state that total GPA must be at least a 3.3. For the CFS school, the range is usually between 3.6 - 3.7.

Both Probation and Drop levels become higher as student progresses toward graduation.
