The Department of Foods and Nutrition offers 2 minors available to all students at Purdue: “Foods and Nutrition” or “Nutrition”.

General Requirements for a minor:
1. A grade of “C” or better must be earned in any course used to fulfill a minor.
2. All pre-requisites for courses in the minors must be taken.
3. Completing a minor does not prepare a student for employment normally available for majors in Foods and Nutrition, and does not prepare a student for credentials associated with majors in Foods and Nutrition.

Students wishing to earn a minor in Nutrition must complete the following requirements.

A. The following courses are required .................................................................9 credits
   ____ (3 cr.) FN 31500 Fundamentals of Nutrition
   ____ (3 cr.) FN 43700 Macronutrient Metabolism In Human Health and Disease
   ____ (3 cr.) FN 43800 Micronutrient and Phytochemical Metabolism in Human Health and Disease

B. Select 2 -3 of the following courses .............................................................6 credits
   ____ (3 cr.) FN 33000 Diet Selection and Planning
   ____ (2 cr.) FN 43600 Nutrition Assessment
   ____ (4 cr.) FN 52000 Medical Nutrition Therapy
   ____ (3 cr.) FN 52500 Maternal, Infant, and Child Nutrition
   ____ (2 cr.) FN 53000 Public Health Nutrition
   ____ (2 cr.) FN 58000 Geriatric Nutrition
