Change Of Degree Objective (CODO) Policies

Consumer and Family Sciences (CFS) welcomes CODO students. We are eager to attract students who are truly interested in our majors.

All CFS students are expected to:

- Fulfill all requirements for graduation.
- Honor prerequisites and course sequencing.
- Honor course enrollment limits; accepting the fact that if a class is full or restricted to students who are currently in the major, they will have to postpone their enrollment to another semester.

If you are unable or unwilling to commit to honoring all pre-requisites and course sequencing and spending at least an additional 2-3 semesters to finish your degree in FCPL, we respectfully request that you consider other degree options. You will be expected to make this commitment before you complete the CODO process. If appropriate, we strongly encourage you to discuss your projected graduation date with your parents before you complete the CODO process.
